- 7.2 Should any Coeliac UK-funded IP arise from the Grant, then Coeliac UK requires the Institution to consider whether the protection, management and exploitation of such IP is an appropriate means of achieving the public benefit. If the Institution considers that this is an appropriate means, then the Institution must seek the prior written consent of Coeliac UK (not to be unreasonably withheld) before it makes any commercial use of, or grants to any third party, any exploitation rights over, such Coeliac UK-funded IP. Unless Coeliac UK reasonably considers that the opportunity to protect, manage or exploit such Coeliac UK-funded IP for the public benefit could be lost and more immediate action is required, such right shall only be exercised six months after Coeliac UK has given the Institution notice in writing that it is failing to protect, manage and exploit such Coeliac UK-funded IP to Coeliac UK's satisfaction. The Institution agrees to do, and will ensure that its employees, students and any third party acting on its behalf do, all acts required to assist Coeliac UK in such protection and exploitation.
